

LED Display

Pixel pitch	10mm
Led type	SMD2727
Usage	Outdoor
Protection class	IP67
Brightness	6500-10000 nits
Led panel material	Aluminum cabinet
Led panel size	960 x 960mm
Weight	26 kgs
Power supply	110/220v-50/60Hz

Technical Specification

Led lifetime	100000 hours
Viewing angle	140 ° / 140 °. Extended angle that improves viewing of images from the side
Working temperature and humidity	-30°C / 50°C 10% ~ 95%
Refresh rate	3840Hz
Pixel density	10000 dot/m2
Control system	Novasater/Colorlight/Linsn
Video signal input	HDMI, DVI, VGA...
Grayscale	14-16 bits
Avg power consumption	180W / m2
Brightness control	Programmable

- PROGRAMMABLE ON AND OFF
- DURABLE FOR FIXED INSTALLATION
- SUPPORTED VIDEO AND IMAGE FILES: AVI, WMV, MPG, MOV, VOB, MP4, FLV, Bmp, jpg, png ...
